The children's singing class, under the direction of Mrs. F. E. Bushnell and Miss C. M, Palmer, gave, a concert at the Congregational Churchin. Evansville on Tuesday evening, August othis The class consisted of some seventy-five of the children of the village, between the ages of four and thirteen years. The entertainment was a very fine one, surpassing the expectation of all who had the pleasure of listening to it. The house was well filled, the audience consisting ohiefly of the parents and friends of the children. The performances commenced at eight o'clock, and when the curtain rose the scene presented drew from the audience suppressed exclamations of surprise and delight. So many children, sintlarly dressed, bedecked with flowers, and so finely arranged, was a sight truly beautiful; and when the whole class joined in the chorus of "Dearest May," and filled the bouse with the melody of their rich young voices, the breathless attention of the listeners told but too well how much they enjoyed it. The deportment of the little singers, during the entire evening, is worthy of notice. It speaks well for themselves, and pays a high compliment to the ability of the ladies who have had charge of them; and who, at the close of the exercises, received an expression of gratitude late Y on the part of the audience in a hearty vote of thanks.

honored ones. The patriotic young ladies who originated and carried out so successfully the design of this concert, have conferred a benefit upon the army, and, at the same time, contributed very much to the improvement of the children. It is to be hoped their ex ample may be imitated in all our little vil-

From the Louisville Journal, (thi The Assassination of Gen. Robert Mc.

Capt. Burt, of G.r. Robert McCook's staff, with a detachment of the 9th Ohio regiment, arrived from Nashville by railroad, last evening, with Gen. McCook's re road, last evening, with Gen. McCook's remains. Capt. Burt has furnished the particulars of Gen. McCook's assassinated, which took place on the 5th inst. near Pet. ty's plantation, on the road to Winchester, Tenn. The assassination had been planted by the rebel bushwhackers, who were fully posted as to the movements of Gen. MoCook's brigade.

The Nashville Union very justly pronounces it one of the most fiendish atrocities of the rebellion. Gen. Robert McCook was in bad health and was traveling in an ambulance, being anable to sit up, some two miles in advance of his command, accommains. Capt. Burt has furnished the par-

lance, being unable to sit up, some two miles in advance of his command, accompanied by several staff officers. Not far from Salem they met with a man living by the roadside, who appeared very friendly, and told the party where they could find a suitable camping ground. The party proceeded a short distance, when about one hundred guerrillas rushed out of the woods and made for the ambulance. The horses became unmanageable, and Gen. McCook raised himself on his hands, to belo the driver; while in this position a guerrilla rode up and shot him through the abdomen.

He survived but about twenty-seven hours. Capt. Brooks, of his staff, was taken prisoper; the others escaped. The soldiers, who were greatly infurated at this most brutal murder of a sick man, proceed. ed to the plantation of the fellow who had acted as a decoy, and demolished everything on his premises. They also wreaked their fury on the heads of the rebels in the vicin

The presence of Gen. The remains were received by the provost guards, under command of Capt. Dillis, and were conveyed to the Galt House, where they were guarded during the night. A committee of citizens appointed by the city council of Cincinnati arrived by the mail boat last night and took charge of the body, which will be sent forward by railroad to Cincinnati this morn.

Col. Norton, who has been so frequently mentioned in connection with the charges against Gen. Mitchel, and who was recently reported by telegraph to have left Wash ington when his attendance was especially desired there, has returned to his home in Perrysburg, Ohio. He claims to be in ut-ter ignorance of any order for his arrest, In addition to the articles manufactured by bimselt he keeps a large stock of Imported Furniture, which as well as his own manufacture, is of the latest styles and superior quality.

Will the Negro Come North!

Those who are made to believe, that the negroes in the south, if emancipated, would overrun the north, and injure or destroy the labor of white men, would do well to read a letter from Gen. Hunter to the Rev. Dr. Tyng. Gon. H. declares that this belief is a delusion-that the negroes greatly prefor a tropical climate, and that their free by law in any state, for carrying into ofdom would draw them from the north to the south rather than from the south to the north. Washington, Aug. 11-9.15 p. m. Special to Chicago Times.-The battle of Culpepper was one of the most desperate of the war, involving about equal losses on both sides, the rebels losing more officers than the Union forces. Both the rehels and our forces have been reinforced, and a renewal of the engagement cannot be far distant.

The loss in the Ohio and Indiana regiments is very large, they being in Banks division, which did most of the fighting, resisting the enemy with Ewell's and Jackson's commands combined. The wounded are arriving here to day.

The battle was brought on by the rebels endeavoring to prevent the concentration of our forces at a certain point for a movement on Gordonsville, and therefore they threw all their columns on Banks, for the purpose of annihilating or surrounding his livision. They succeeded in preventing this movement at an immense sacrifice of their own force, leaving the majority of Pope's army fresh for another demonstration on Gordonsville.

movements. Nothing has as yet been heard from Gen.

The rebels unmasked batteries on the mountain slopes and on every hill, making a crescent of batteries of nearly three miles, commanding our own position for two hours. Our batteries were exposed to cross fire and flank fire at every point. The reliels evidently outnumbered us in gues and

We replied shot for shot till 5 o'clock, when the rebels opened an enfilade battery on our right. Gen. Banks here gave orders to cease firing and charge this battery. The luty was assigned to Crawford's brigade of Williams' division, and the 46th Pennsylrania regiment led the charge. Behind the nattery was a thicket of shrub oak, and before the 16th Pennsylvania regiment could reach the rebel guns, they were moved lown by a terrific fire from the thicket. The rest of the brigade was quickly brought up, and subsequently the rest of Gen. Wiliams' and Gen. Auger's commands, but the brigades of the rebels were found at every point. Gov. Salomon and the Green County Matters.

Governor Salomon has addressed the following letter to certain citizons of Green Madison, Aug. 7, 1862.

B. Chenowits, Brooks Dunwiddle, and others, Com-mittee, &c., Montoe, Wis: GENTLEVEN :- There has been presented to my notice a handbill headed "Notice to Traitors," containing proceedings of a meet-

ing of citizens of Monroe, Green county, on the 29th, in which a certain oath was prescribed to be taken, and a committee was appointed, of which you are members, to carry out the objects of the meeting. I need hardly say to persons of your intelligence that such proceedings are entire-

ly unauthorized and extra-judicial. In my nearly all the infantry had been concealed judgment, such proceedings are prejudicial during the shelling, after securing themselves to the interests of the country, tend to exasperate the feelings of many citizensunnecessary and uncalled for, and as the executive of the state, I feel it my duty to lurge and insist that all proceedings under taking a new position beyond the reach of contemplation of the meeting referred to be immediately abandoned. If any citizen of Wisconsin should be so

lost to all sense of patriotism, and honor, The enemy's loss was certainly greater and duty as to engage himself, by overt acts, in the cause of the rebellion, by tak-ing pains to discourage enlistments in the army of the United States, the attention of the constituted authorities of the country will be called to the case without a moment's delay, and the blow of its insulted sovereignty will fall quickly, surely and severely. Traitors in Wisconsin, the exist ence of whom I must doubt until it is posibut it cannot be the work of self-constituted

local committees, An appeal to me for protection from mob violence, threatened by virtue of the authority of the meeting referred to, has already been made, and I cannot besitate a moment in my action.

Yours respectfully, EDWARD SALOMON, Governor of Wisconsin.

Will the Negro Come North?

Those who are made to believe that the negroes in the south, if emancipated, would overron the north, and injure or destroy the labor of white men, would do well to read a letter from Gen. Hunter to the Rev. Dr. Tyng. Gen. H. declares that this belief is a delusion—that the negroes greatly prefer a tropical climate, and that their freedom would draw them from the north to the south rather than from the south to the north. As an evidence of the correctness of this hypothesis, i.e stated that, though he gives passes to all who ask for them, not a dozen of the thousands of freed blacks on the sea islands have applied.

We fully believe that the most effective way to relieve the north of a surplus of black labor would be the abolition of slavery in the south, and the employment of the slaves as free laborers there. For merely political purposes, many of our northern laborers have been led to believe that the object of the existing war is solely the abolition of slavery, and that as a consequence of the success of our arms, black labor would take the place of white labor in the north. The men who teach this docinculcation, and are ready to peril the existence of the government for the advancement of their selfish schemes.

Why State Aid to the Families Volunteers is Withheld.

The Madison Journal, after stating that a correspondent at Oshkosh inquires "why the \$5 per month appropriated to the families of volunteers is not paid, saying that in some cases where the applications and affidavits have been duly transmitted, nothing has been received for eight or nine ted States, all telegraph operators and conmonths, while in others payments have structors actually engaged on the fifth day been made up to the present time," gives the following reasons why the money has been or is withheld: "On inquiry at the state treasurer's of-

There is no lack now. "There are regiments from which no re-

ports have been received at the adjutant general's office, and others from which they have not come for months. It is of course impossible to know to whom the state aid ceases to be due, by reason of death or discharge from service, without such reports; and, consequently, when they are not forwarded no payments are made on behalf of those connected with regiments neglecting to report."

Apportionment for the War.

Adjutant General Gaylord has made a sport to the governor, of the number of enlistments in the various counties in this state, prior to the recent calls for new roops. There had been already enrolled, 24,653 men in the nineteen infantry and the three cavalry regiments, the artillery batteries and the sharp-shocters. The number required in the call for the six regiments now forming is 6000, and the number under the draft of 300,000 men is 11,-904-making a total required from this state, independent of the men needed to fill up the old regiments, of 42,857.

REPORTED FOR THE DAILY GAZETTE. BY WISCONEIN STATE TELEGRAPH LINE, Omce in Union Passenger Depot.

Last Night's Report.

WASHINGTON, Aug. 11-9.15 p. m. Special to Chicago Times.—The battle of Culpepper was one of the most desperate of the war, involving about equal losses on both sides, the rebels losing more of-ficers than the Union forces. The rebel Generals Winder and Tremble are certainy killed. We lose none above colonels. Gen. Pope telegraphs that the rebels have the commandants of the rendezvous, and not renewed the engagement yesterday or to day. They are some two miles from the battle-field, which we occupy, while headquarters still remain at Culpepper Court firm, fair export demand. Sales 6,000 bush-House. els, 1,16a1,22 Milwaukee club. Both the rebels and our forces have been

reinforced, and a renewal of the engagement cannot be far distant. The loss in the Ohio and Indiana regi-

ments is very large, they being in Banks' division, which did most of the fighting, resisting the enemy with Ewell's and Jackson's commands combined. The wounded are arriving here to-day. The battle was brought on by the rebels

of our forces at a certain point for a movement on Gordonsville, and therefore they threw all their columns on Banks, for the purpose of annihilating or surrounding his division. They succeeded in preventing this movement at an immense sacrifice of their own force, leaving the majority of Pope's army fresh for another demonstra ion on Gordonsville.

The rebels are reinforcing fiwell and

Jackson from Richmond, and it may not be impossible that a movement on Richmond rom another point may commence. WASHINGTON, Aug. 11

During last night trains arrived from Culpepper, bringing a number of officers wounded in the late battle and akirmishes that vicinity. They are mostly wounded in the arms and legs, although one or two are more seriously injured in other parts of the body, one of them having resived no less than four bullets in his hips. chicles were in attendance on the arrival of the trains, and the sufferers were speedly removed, many of them to public hous-

Accounts from Culpepper represent the enemy's estimated force engaged at 20,000, and ours, exclusive of cavalry and artillery, as not exceeding 7,000.

The number of United States soldiers wounded is large, but the wounds generally

are elight. The number killed is small. On Saturday the teamsters lit their fires causing the enemy to shell our new position for two hours with considerable effect.

Yesterday morning the rebels were no in sight on our front, but the indications were that they were reinforced on Saturday night, and were attempting to flank our movements.

Nothing has as yet been heard from Gen

The rebels unmasked batteries on the mountain slopes and on every bill, making a crescent of batteries of nearly three miles, commanding our own position for two hours. Our batteries were exposed to cross fire and flank fire at every point. The rebels evidently outnumbered us in guns and

weight of metal.
We replied shot for shot till 5 o'clock when the rebels opened an enfilade battery on our right. Gen. Banks here gave orders to cease firing and charge this battery. The duty was assigned to Crawford's brigade of Williams' division, and the 46th Ponnsyl vania regiment led the charge. Behind the battery was a thicket of shrub oak, and before the 46th Penusylvania regiment could reach the rebel guns, they were mowed down by a terrific fire from the thicket. The rest of the brigade was quickly brought up, and subsequently the rest of Gen. iams' and Gen. Auger's commands, but the brigades of the rebels were found at every point. This battle ground was in a thick wood, with a ravine on our right. Here nearly all the infantry had been concealed

nearly all the inhaltry had been concraled during the shelling, after securing themselves from observation by expelling our pickets.

This was probably one of the hardest contested fights in Virginia, lasting until dark, when our forces retired from the field, taking a new position beyond the reach of the nearly groups which were the property of th the enemy's guns, which were in an advantageous position on the heights. Our inntry were badly cut up. We lost two guns

The enemy's loss was certainly greater than ours, as their dense columns were frequently riddled by our artillery.

Since our correspondent left the field,

large reinforcements have reached them. CULPEPPER. Va., Aug. 11. The enemy this morning sent out a flag of truce, asking permission to bury their dead. This shows that, with all their superiority of numbers, they were too badly cut up to maintain their position, and that their falling back yesterday was from usces-

sity, not choice.
Our troops were engaged in bringing off our wounded from the field and burying the

WASHINGTON, Aug. 10.
The following is taken from the Peters. burg Express of yesterday:

RICHMOND, Aug. 8.—A despatch from
Van Dorn to Secretary Mallory states that
the ram Arkansas, Lt. Stephens commanding, had been destroyed. She left Vicksburg on Monday to co-operate in the attack 232 on Baton Rogue. After the passage of Bayou Sara her machinery became disabled, and while her crew were attempting to repair it, several of the enemy's gunboats attacked her. After a gallant defence she was abandoned and blown up. The officers and men reached the shore in safety.

NEW YORK, Aug. 12. The Tribune gives the following officers

younded, not already telegraphed: Lieut. wounded, not already telegraphed: Lient. Haskell, of Gen. Prince's staff, slightly wounded; Lt. Col. The Herald dispatch has the following:

The following additional order has been issued in relation to those parties endea-voring to leave the country before drafting takes place: In default of giving bail, the parties arrested are to be taken to the nearest post or military depot and placed at once on military duty.

The New York World has the following: August 10ts .- Firing was renewed this morning by daylight on our side, but was not responded to by the rebels. Sigel has advanced, and was this morning inspecting his position, and was this morning happening his position, and preparing for the day's work. Nothing important has necurred. Accounts from the Culpepper fight says that great as was the fire to which our comparatively small number of men was exposed, the only wonder is, that the entire command was not completely annihilated, at the end of half an hour, instead of our bringing off so large a portion of our forces. The prisoners report that their own troops were mowed down by our fire, like endeavoring to prevent the concentration grass. Three times were they reinforced. Manison, August 12th.

The Governor, by virtue of authority received from the war department, has designated the mayors of cities, the presidents of incorporated villages, and the judges of the circuit and county courts, as the persons to furnish passes to travelers under the previous orders of the war department, as explained by the order of the 11th instant. All persons desiring to pass from one place to another may obtain passes by applying to these functionaries. LEXINGTON, Aug. 12.

independence was attacked yesterday by 1500 rebels, under Col. Hughes and Quan trell, and after four hours severe fighting the federals surrendered. Twenty of our men were reported killed. Reinforcements which were sent from here last night to assist our troops at Independence, have returned. There is great excitement, and everybody is preparing for the conflict. NASHVILLE, Aug. 12.

A dispatch from General Morgan, from Cumberland Gap, says Le Courtier's brig-age and the 14th Kentvoky, on the 5th and 6th instant, had several engagements with Stevenson's division, in force, the rebels outnumbering us four to one. The rebels lost 225 killed and wounded, and Lt. Col. Gordon, of the 11th Tennessee, taken prisoner. Our loss was three killed, fifteen wounded, and fifty prisoners. Two compa-nies of the 16th Obio were surrounded by two rebel regiments, but cut their way out. We captured a large lot of forage, tobacco. horses and mules. John Morgan left Knoxville on the 2d with 2000 cavalry, on route Kingston. Kentucky is to be invaded. LOUISVILLE, Aug. 12.

Reports not confirmed at headquarters ndicate guerrilla raide upon Calhoun and Rumsey, on Green river, are creating considerable excitement on the Indiana hor-der. The steamer Venango, hence for Cumberland river, with sutler's stores, sunk at Schuffletown on Sunday.

Gov. Salomon and the Green County Matters.

Governor Salomon has addressed the following letter to certain citizens of Green ounty: Madison, Aug. 7, 1862.

3. Chenawits, Brooks Dunwiddle, and others, Committee, &c., Monroe, Wis: GENTLEMEN:-There has been presented

to my notice a handbill headed "Notice to Traitors," containing proceedings of a meeting of citizens of Monroe, Green county, on the 29th, in which a certain path was prescribed to be taken, and a committee was appointed, of which you are members, to carry out the objects of the meeting. I need hardly say to persons of your in-telligence that such proceedings are entire-

ly unauthorized and extra-judicial. In my judgment, such proceedings are prejudicial to the interests of the country, tend to exasperate the feelings of many citizensunnecessary and uncalled for, and as the executive of the state, I feel it my duty to urge and insist that all proceedings under contemplation of the meeting referred to be immediately abandoned. If any citizen of Wisconsin should be so

lost to all sense of patriotism, and honor, l and duty, as to engage himself, by over acts, in the cause of the rebellion, by taking pains to discourage enlistments in the army of the United States, the attention of the constituted authorities of the country will be called to the case without a moment's delay, and the blow of its insulted sovereignty will fall quickly, surely and severely. Traitors in Wisconsin, the exist ence of whom I must doubt until it is positively established by proper investigation, must and shall be silenced or punished but it cannot be the work of self-constituted local committees.

An appeal to me for protection from mob violence, threatened by virtue of the authority of the meeting referred to, has al-ready been made, and I cannot hesitate a moment in my action.
Yours respectfully,
EDWARD SALOMON,
Governor of Wisconsin.

EDITORS GAZETTE:-I am informed that in your daily issue of last week was a statement of an accident said to have happened on the farm of Mr. Alonzo Richardson, of Clinton. As it was incorrect in almost av ery particular, I am requested by the parties interested to write you the facts in the Liverpool & London Fire & Life, 6,300,000 case, with a request to publish. The facts On Thursday of last week Mr. Richard-

son sent his team and reaper to out grain on what is known as the Winch farm, in the town of Bradford. His son, George, about eight years old, rode the horse ahead of the team on the reaper, as he had been doing all through barvest. In cutting on a side hill where the ground was quite rough, the reaper tipped over to the right sufficient to throw the driver and raker off from their seats to the ground. The horses became frightened and started ou a run. The lead horse, upon which George was, turned around to the left in front of the sickle, and he jumped off into the grain, the divider of the reaper striking him on the back, inflicting a slight wound, and the grain wheel running over him, although not injuring him so but what he was at play the next day. The lead horse was thrown down in front of the reaper, and cut and mangled so badly as to die from the loss of blood in a few hours. The horse killed was one of a span of gray mares which took the first premium at the Rock county fair a few

Since the decision to draft under the state law which exempts firemen, it is probable that applications will be made for membership in these companies. We hope no company will receive any man until al the enlistments in the army, or a draft, if t draft is required, is filled. This mode of escaping a pressing duty to the country, while it is no more creditable than a flight to Canada, is not at all complimentary to the companies which are attempted to be used for such a purpose. A man who has suffered our fire companies to dwindle when members were needed, ought not to be al lowed to use them now to escape a drift. Diceting in Milton.

THE WAR SPIRIT .- Grant county is fully stirred up. Last Saturday a meeting was held in Lancister, which was attended by more than three thousand persons, and two hundred volunteers were obtained. The Platteville company is already full and has reported to the governor. A company at Potosi is full. In all there are now enlisted in Grant county, under the recent calls, about five hundred men. These voluntuers were all obtained without the stimulus of state or county bounties. The meeting at Lancaster requested the county supervisors to appropriate \$5,000 for the support of families of volunteers.

day's work in the city, with a prospect of

increasing it to \$8,000 or \$10,000. Ten

volunteers were obtained at the meeting,

Fire Companies and the War.

Since the decision to draft under the state law which exempts firemen, it is probmembership in these companies. We hope no company will receive any man until all the enlistments in the army, or a draft, if a draft is required, is filled. This mode of escaping a pressing duty to the country, while it is no more creditable than a flight to Canada, is not at all complimentary to the companies which are attempted to be used for such a purpose. THE WAR SPIRIT.—Grant county is fully stirred up. Last Saturday a meeting was held in Lancaster, which was attended by more than three thousand persons, and two hundred volunteers were obtained. The Platteville company is already full and has reported to the governor. A company at Potosi is full. In all there are now enlisted in Grant county, under the recent calls, about five hundred men. These volunteers were all obtained without the stimulus of state or county bounties. A subscription to the county fund of between \$5,000 and \$6,000 was reported to the meeting as the result of one day's work in the city, with a prospect of increasing it to \$8,000 or \$10,000. Ten volunteers were obtained at the meeting, making the culistments up to that time 78.

There gentlemen are making war speeches almost every evening, and for the first time, in the use of her money all we have to say is, let everybody go and hear two of our finest western orators, on the war.

The train will arrive at 12. Speaking commences at 2.

Carriages will run from each of the hotels every half hour.

The following members of the committee, appointed by the excursionists, will please meet at O. J. Dearborn's book store this evening at 8 o'clock: O. J. Dearborn, James Sutherland, Wm.

It will be seen by our despatches that the Third Wisconsin lost more than half their number in the battle of Cedar Run, Va-Lieut. Col. Crane is reported as probably killed. The terrible loss of the regiment shows that it fought bravely against fearful odda.

Meeting in Footville.

The Rev. M. P. Kinney and H. S. Conger of this city, addressed a meeting at Footville, last evening, composed of citizens of the towns of Centre and Plymouth. Several hundred dollars were subscribed to able that applications will be made for the county bounty fund, and a committee appointed to canvass the two towns for further subscriptions and volunteers. The meeting was very large, and the right spirit prevailed.

EDITORS :- In yesterday's Gazette an article is published over a star, which aims to prevent the issuing of county scrip for the purpose of paying a suitable bounty to ensure the colistment of the quo ta of volunteers assigned to this county, without a resort to drafting. We, then, who have been doing the work necessary to accomplish the desired object, know the exact position of the writer in a matter of so much importance at this moment. The public learns also that no motive of state or county pride actuates him, and that he is of that class who, while they have not the courage to brave the dangers and horrors of the battle field, are fully determined that the capital of the country shall not

As to the author of the communication, it is enough to say that it stamps him as a man with little of the milk of human kindness in his constitution, and an individual who has done little or nothing for the war. either by word, deed or money; as one whose sense of right or wrong is governed very materially by the amount of the fee his client is able to pay for services ren-

As to his reasons and arguments, they savor more of ridicule or a finely-drawn fiction, then of truth or a desire to benefit the masses whom he expects, in the event of a draft, would be compelled to do the bloody work on the battle field, for they, like him, are unable to hire a substitute. Let those who recognize a Supreme Being, and those who love their country and their flag, ponder well these questions and ask themselves if the Almighty is not, in his mysterious ways, visiting upon the people of this nation the punishment deserved for forgetting Him and his commandments.

I have only one or two points which are a complete answer to his entire communication, and those are:

A Great National Work. Somethingfor Every Citizen, Every Fireside, Every Rader! NO MAN, NO FAMILY, NO OFFICE SHOULD BE WITHOUT IT. The only Correct and Complete
HISTORY OF THE WAR

THE SOUTHERN REBELLION WAR FOR THE UNION A History of the Rise and Progress of the Rebellion, and

Consecutive Narrative of Breats and Incidents, from the First diages of the Treason Against the Ripublic down to the Close of the Conflict, public down to the Close of the Conflict, forther with important poodurents and extracts from esmankable spreaks.

In Wookly Parts, 32 pagos, large Syo,

In Weekly Parts, 32 pages, large 8vo, Price 10 Cents.

The want of an authentic and thorough History of the Rebeltion, for present reference and future preservation, is the subject of general remarks. No work of that nature has yet been offered to the public, and all who wish for information are compelled to grope-through the maxes of the rumors, reports, dispatches, letters and eliterials of the daily newspapers, to precipitate, from its confused columns, the great facts and incidents of the straigle for the Union.

To meet this weat, and to produce a work of permanent value as well as of present interest, the publisher has arranged for the issue of the history as above set forth—in a form and at a price which shall render it acceptable to all.

set forth—in a form and at a price which shall acceptable to all.

This history will tell the Spoar as it is, giving a clear, consecutive parative of the entire movement, including all the incidents and events in their exact order, and containing the important documents and extracts from remarkable speeches. It will not be merchlary, nor a merc enumeration of dry and usked dates, nor a compilation of slips from newspapers, but will portray in connected and interestinguarrative, the evolutionary in connected and interestinguarrative, the evolutionary are not said at the measures of the government.

relations of individuals and communities to the grand events of the time.

It is true, everybody, reads the nowspapers, but the reports of the newspapers are the fragmentary and contradictory children of the moment, and not a correct, consected and complete listory. The above publication, afterwards found in a francision volutine, will be a book for the family, which will be valued like the records of the War of Independence, or the Life of Wushington, and worthy to be kept for children and grand-children, as a memorial of the present time.

It will thus prove desirable, available and astigated by the word in the problem of the public in the full assurance that it will remnand the approbation of every patrick, every fund man, every good citizen in our still Glorions Land.
